# THE RANGE SERVANT STORY

## The Company

Range Servant is a world leader in delivering equipment and solutions for golf ranges. Range Servant was founded in 1983, in Sweden by Jordan Knez, he saw a requirement on better equipment for the golf industry. Some of the aspects for better equipment and solutions, he thought as detrimental was durability and sustainability. He took his golfing enthusiasm and combined it with his technical knowledge from the packaging industry to develop and improve. The result is Range Servant has developed many high-quality golf range products for customers all around the world.

Today after more than 35 years in business Range Servant is the market leader with more than 50% global market share of ball dispensers and handles over 29 Billion golf balls yearly.

## The Business

Range Servants main activity is to sell equipment and solutions that manages and handles golf balls at a driving range/golf club/golf facility.

The product portfolio defined is RS-Line (standard items/products/systems eg ball dispenser, washer, hopper, elevator, system solutions thereof etc.), Range Servant Services (RSS providing the market with spare parts, service, support, installations, training, project management, Connected Care ie remote control and performance system etc.) providing the market with a range of services.

Final category are accessories such as golf balls, ball trays, mats etc. these are "box" items that complements our existing portfolio in order for Range Servant to offer the proposition "Carefree Range".

Range Servant believes in making driving ranges into fantastic facilities where customers, children, people, families etc. enjoy themselves and have a great experience. We believe we will make more people hit more golf balls. We believe we will "Provide products and services maximizing efficiency and profits for range owners".

- Our vision: "Inspire people to hit more balls, #1 scalable range product".
- Our mission: "Provide products and services maximizing efficiency and profits for range owners".
- Quality, Knowledge and Affordability

# BALL DISPENSERS

RS LINE

### SPRINKLING

This unit has a built-in sprinkling-system for a light washing of balls

### WASHING

This unit has a built-in washing-system and can wash 12 000 balls/hour

### ELEVATING

This unit has a built-in elevating system carrying balls from the built-in hopper

### MODULAR

This unit can be upgraded with an external washing and elevating system

### BALL SENSOR

This unit has a sensor determining the exact amount of balls dispensed

### ALUMINUM

This unit is built with aluminum and Stainless galvanized steel.

## WHY RANGE SERVANT?

We have been building ball dispensers since 1983 and are, today, the most sold in the world. We take pride in our craftsmanship and are always looking to improve our products. Range Servant machines are long lasting when maintained properly

If you already have a Range Servant flat top Ball Dispenser and looking to upgrade, we highly suggest you purchase a cone top for additional capacity, below you'll find what we can offer for each flat top model.

#	ART. NR.	PRODUCT INFO	PRE-ASSEMBLED	NO. OF BALLS
1	DBM000	Cone top RS-4	NO	+ 2.000 balls
1	117000	Cone top, Ultima 8, RS8/12	NO	+ 4.000 balls
1	147000	Cone top, RS11/18	NO	+ 7.000 balls
-	ASSEMBLY	Assembly of cone tops.	YES	
-	UBM0015	Behind the wall Dispenser, 10-15000	NO	MAX: 15.000 balls
-	UBM0019	Behind the wall Dispenser, 15-19000	NO	MAX: 19.000 balls
-	UBM0020	Behind the wall Dispenser dual outlet	NO	MAX: 19.000 balls

# BALL WASHERS

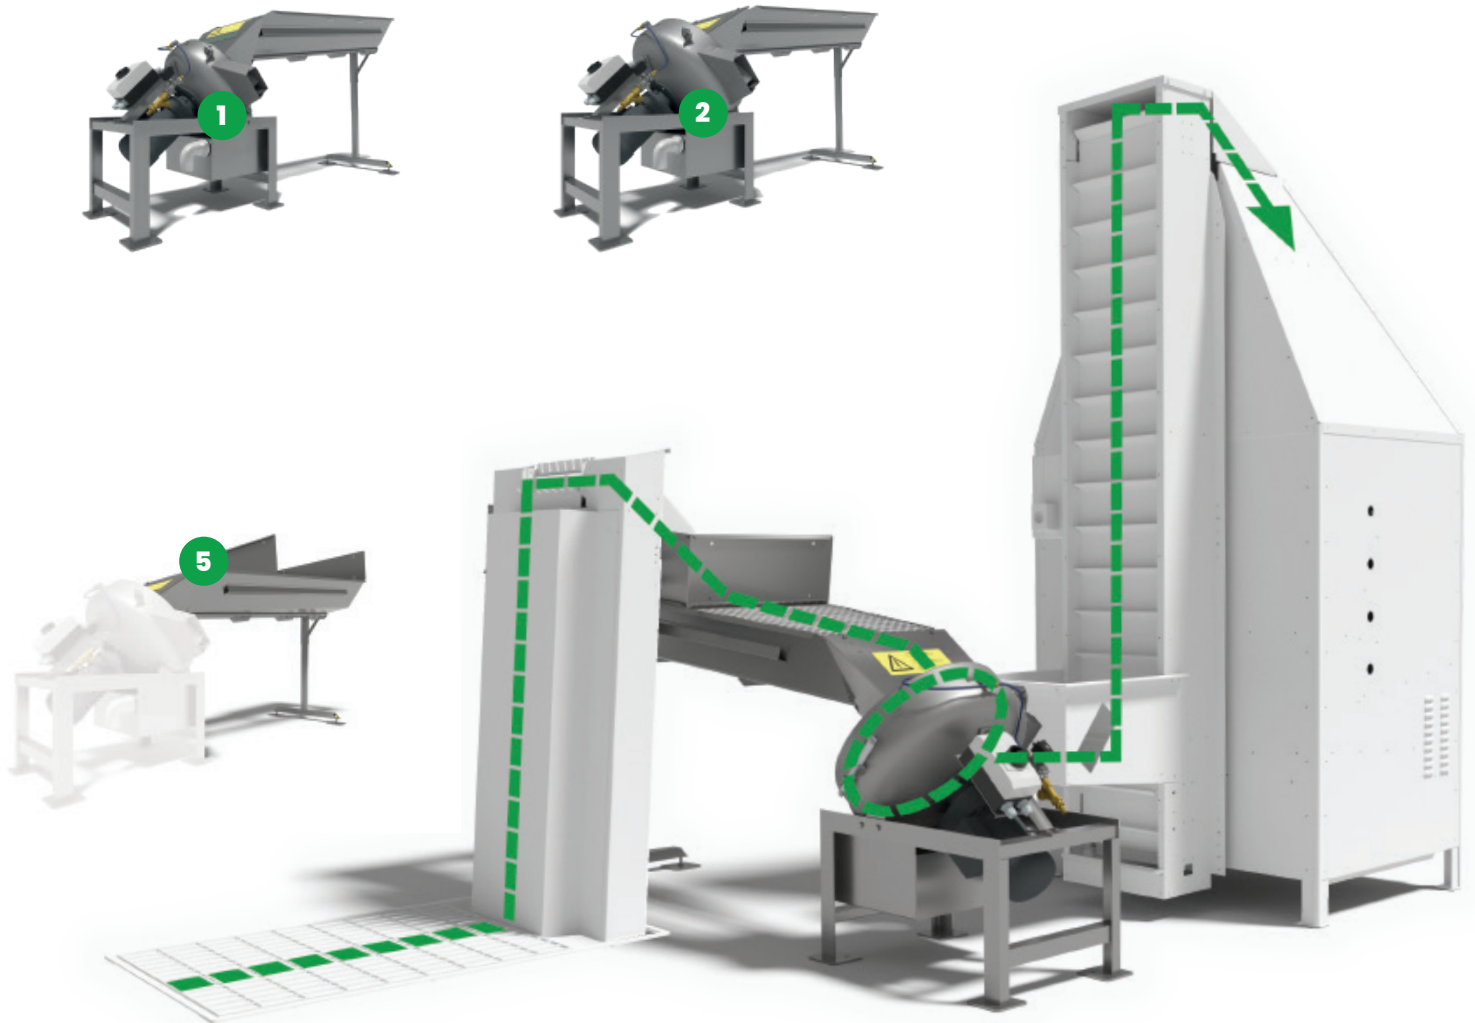

Our washer-elevator system is robust, easy to use and allows the operator to automate the process of washing balls and filling the dispenser.

## BT-1300

The Range Servant BT-1300 is aimed for medium size ranges with a washing capacity of 12.000 balls per hour.

## BT-1950

The BT-1950 is intended for high volume ranges with a washing capacity of 24.000 balls per hour.

#	ART. NR.	TYPE	LOADING TRAY CAPACITY	BALLS/HOUR
1	WGM0000	Ball Washer BT-1300 with smaller tray	800	12.000
1*	WGM0045	Ball Washer BT-1300 with bigger tray, hopper (XL)	3.000	12.000
2	220000	Ball Washer BT-1950 with smaller tray	800	24.000
2*	220001	Ball Washer BT-1950 with bigger tray, hopper (XL)	3.000	24.000
-	WBT0001	Ball Washer BT-1000 with a 75 liter water tank	700	20.000
5	970047	XL Hopper compatible with WGM0000 and 220000	3.000	-

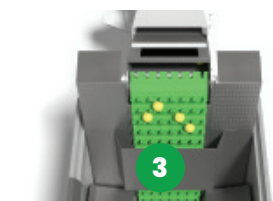

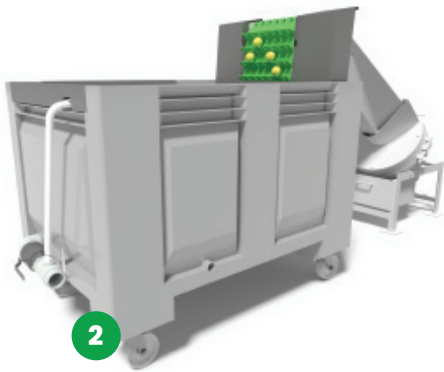

\*Both WGM0045 & 220001 both come with the bigger loading tray: 970047

# WASHERS & ELEVATORS

## Pre-Soaker

Designed with mud season in mind, our pre-soaker loosens deeply embedded and caked-on dirt before the balls are lifted by the elevator into the BT-1950 or BT-1300 ball washer.

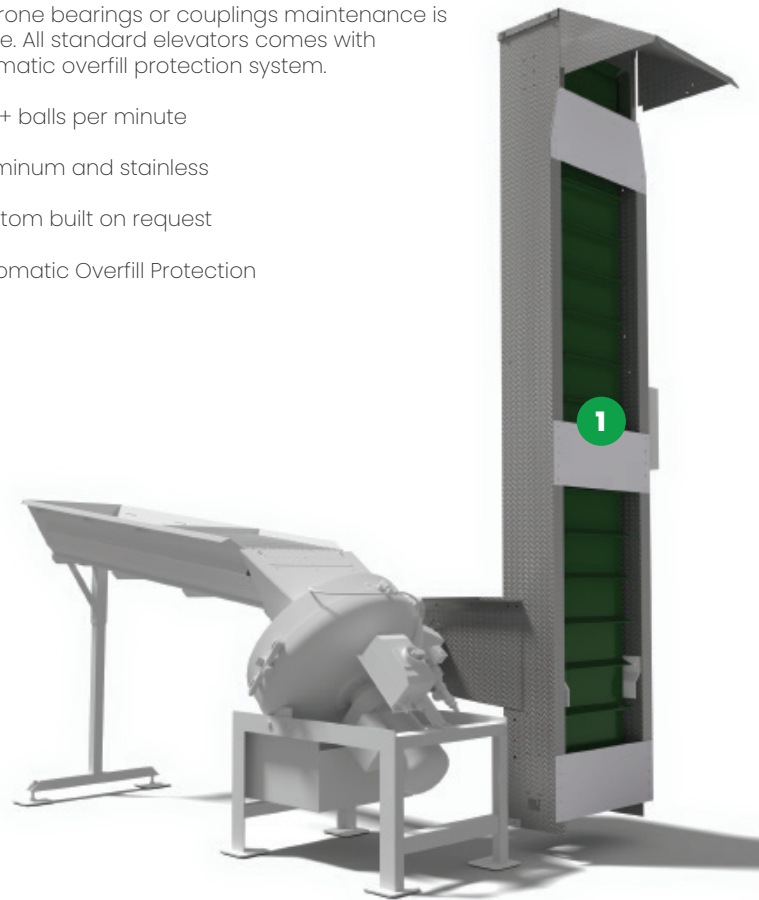

- Rust-proof aluminum and stainless steel elevator for years of rust-free functionality
- Perforated belt design keeps water in the bin and the balls on the belt
- Speed control belt drive adjustable to feed any ball washer
- Removable interior grid system allows for easy maintenance and cleaning
- Durable Polymer, 4000 ball capacity bin

## Elevator

The RS Elevator is available in four standard lengths and can also be customized. Carrying 30000 balls every hour, the RS Elevator can be seen at the busiest ranges all over the world. It is constructed of rust-proof aluminum and stainless steel. With no failure prone bearings or couplings maintenance is negligible. All standard elevators comes with an automatic overfill protection system.

- 500+ balls per minute
- Aluminum and stainless
- Custom built on request
- Automatic Overfill Protection

#	ART. NR.	TYPE	BALLS/HOUR	COMPATIBLE WITH
1	EGM0001	Elevator 1,4 m	24.000	Ultima 8
1	410000	Elevator 1,8 m	24.000	RS-8/11 and flat hopper
1	EHM0001	Elevator 2,1 m	24.000	Ultima 12, 19, 20, 45
1	420000	Elevator 2,3 m	24.000	For all hoppers with Cone Top
1	EEM0000	Ditch Elevator 2,3 m	24.000	Made for RS ditch systems
-	OBA0080	System Control ditch	-	-
2	WIM0004	Soaker 4000		All washers
2*	1000614	Ball Transportation Cart including ball feeding		The Tee Box
-	WIM0060	Loadingtray for Soaker 4000 (no picture)		
3	WIM0073	Sprinkler for Soaker 4000		

\* Smaller gap made for filling up T-Boxes (inbay dispensers) and speeded elevator

# BALL PICKERS

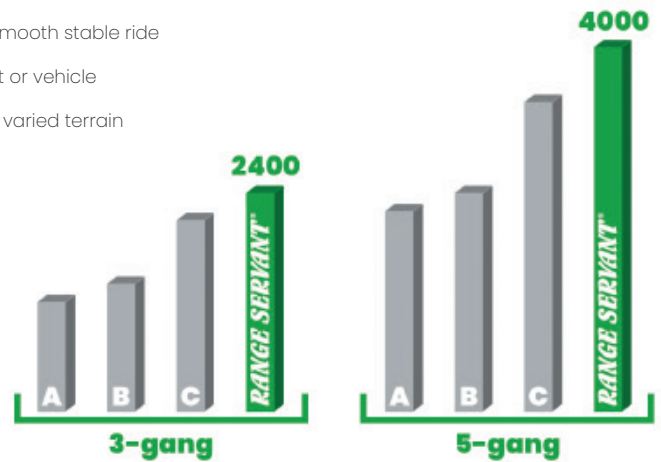

## Ball Picker Light

- In-line design allows for driving forward and in reverse.
- Light weight flexible design
- No failure-prone elbow fittings
- Flotation tires for a smooth stable ride
- Multiple flex-points for varied terrain
- Adaptable to any cart or vehicle
- Unique Multiflex discs

## Ball Picker Heavy Duty

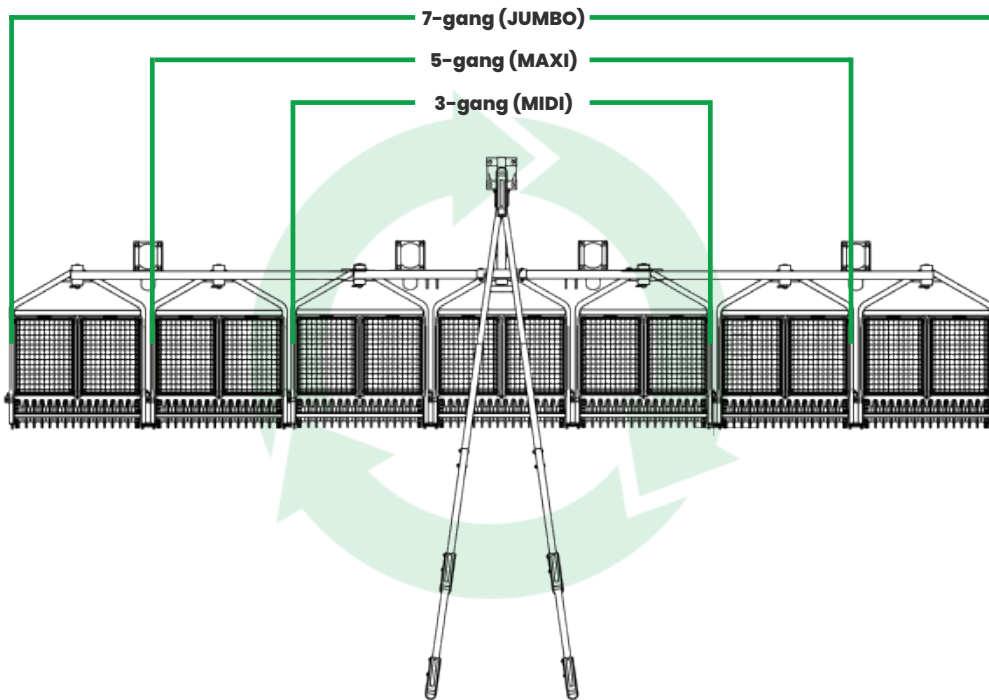

- Fully galvanized high grade steel
- In-line design allows for driving forward and in reverse.
- High capacities – 2400, 4000, 5600 balls
- Greasable pillow block bearings and caster fittings
- Flotation tires for a smooth stable ride
- Adaptable to any cart or vehicle
- Multiple flex points for varied terrain

# BALL PICKERS

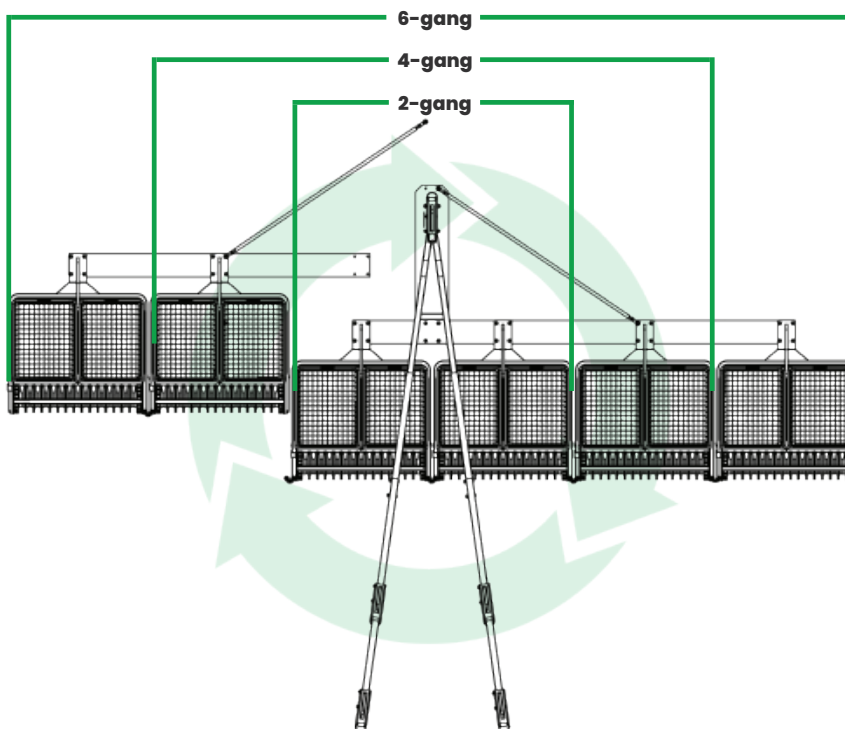

## Heavy Duty (HD) 3,5,7-gang

The Heavy Duty frame can be purchased in three sizes, 3-gang, 5-gang & 7-gang and can be upgraded from 3-5, and 5-7.

The light frame can be purchased in 2, 3, 4, 5 & 6-gang versions.

Standard is 3 & 5-gang

## Light 2,4,6-gang

The light frame can be purchased in 2, 3, 4, 5 & 6-gang versions.

Standard is 3 & 5-gang

# BALL PICKER ACCESSORIES

## Multiflex

RS Multiflex discs are made of highly resilient soft plastic. The unique design protected discs are both flexible and durable and can absorb daily punishment while picking golf balls under the most extreme conditions. They are UV-protected for maximum wear.

## Plastic

RS plastic disks are made of hard plastic. These disks are suitable for Ranges with artificial grass or ranges that are sandy. The choice of material then minimizes the wear of the disc.

## Rubber

RS rubber disks is our most durable disks made of pure rubber. The rubber disks are heavier than the Multiflex and Plastic versions and are mounted on a robust iron pipe. Make sure that the foundation is solid before purchasing this alternative. The rubber disks last for many years, regardless of the surface layer of the range.

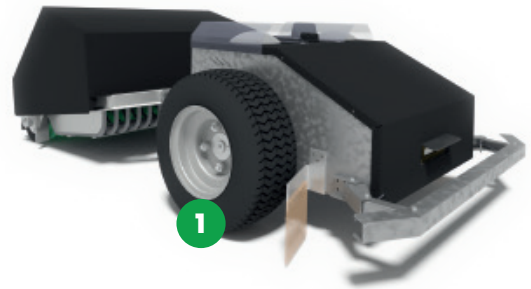

#	ART. NR.	ALT. PRODUCT/INFO	MATERIAL	FITS TO FRAME
1	PDM0094	Pick-up roller Multiflex (After 2012)	Rubber/Plastic	HD after 2012 + all light

## GOLF BALL PICKING SERVICE

Automate your range and increase customer satisfaction with our Robot Picker by Relox. Being the world's only robot picker powered by GPS, there is no need for perimeter wire, which will result in picking more golf balls per round, compared to the competition. And for a low monthly fee, our support team will always monitor the robot, which will create a carefree range.

### Features and Benefits

- Picking accuracy of 2 cm
- 600 picked balls / round – 21.000 picked balls / 24 hrs.
- Three picking levels
- Smart path planning
- No limited area
- Less labor intensive for employees
- Reduced fuel costs
- Reduced labor costs

## Official release 2022

### The Robot Ditch

Our robot ditch automates the range operations. It will work with Relox or other robot companies on the market.

#	ART. NR.	TYPE	BALLS/DAY
1	Robot picker	Robot picker rental agreement	21000 balls
1	Robot picker	Robot picker purchase price	21000 balls.
-*	Cloud Control	Cloud control agreement for maintenance	-
2	1000422	Fully automatic Ditch system with auto-sensor	-
-	1000353	Mapping and on-site installation	-

\*Regardless of whether you rent or buy the robot, the Cloud Control fee is added as a monthly fee for the duration of the contract.

BALL

# MANAGEMENT SYSTEM

## PRE-STUDY

Our pre-studies are designed so that all expectations and goals are met. In the pre-study, we will look closely at your site, identify its capacity, function, and include a conceptual design to easily visualize what the result will look like. Not only do we want to deliver products to the project, but we also want to identify opportunities and reduce risks. Our experts will then create a checklist for you, with all the correct logistical and technical specifications so that nothing is left to chance once we are ready to install our products. If you decide to use us as your supplier, we will subtract the cost of the pre-study from the placed order resulting in no extra cost to you.

*If you decide to use another supplier, the pre-study that you have purchased will be a valuable tool for your future decisions.*

For more information about the cost of a pre-study, call us at +46 (0)35 10 92 40 or send an email to: [sales@rangeservant.com](mailto:sales@rangeservant.com)

### FULLY AUTOMATIC

Our BMS can be fully or semi-automatic. Using advanced PLC-coding, we program our control-box to send balls from the storage area to all receiving units, whether they are Ball dispensers or hoppers.

### BLOWER-SYSTEM

Our blower-system, using compressed air and flexible hoses, feeds balls from the remote washing/storage area to all dispensers. Having a washer/storage area in a remote location is strategic for design and improves safety for the staff.

### MULTI-STOREY SOLUTIONS

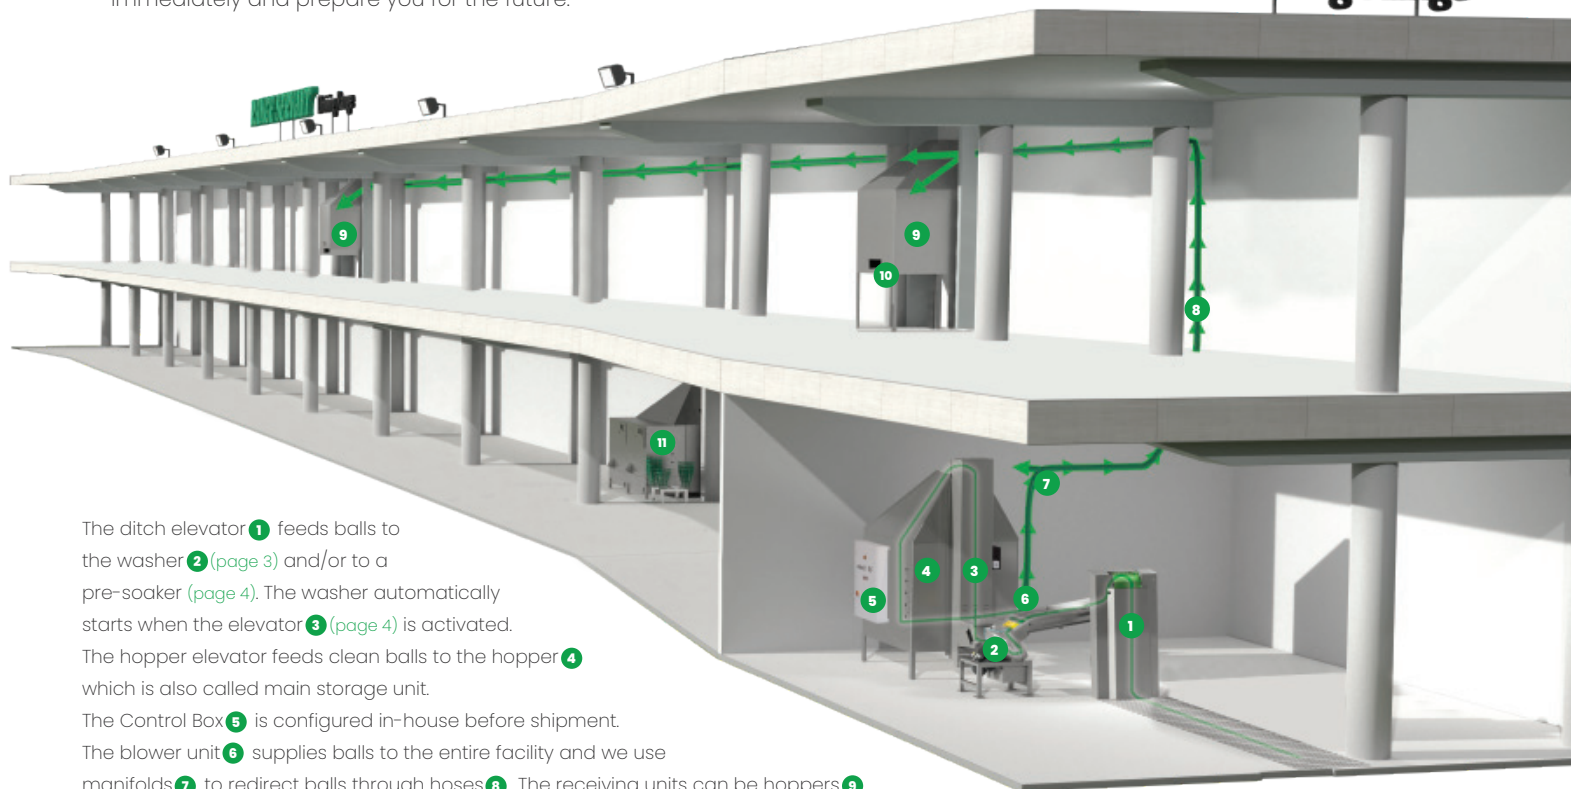

Our BMS can accommodate several storeys with ease. Since every BMS is custom made, our priority is feeding balls through the system in a safe and secure manner.

# BALL MANAGEMENT SYSTEM

## THE BMS

Our Ball Management system gives the range owner a cost-efficient and user-friendly operation. By automating the range, using sophisticated IT-solutions, our BMS reduces time and resources, which will improve your core business and customer relations. We can customize our BMS to fit the small country club or the large commercial range. Our solutions will improve your range immediately and prepare you for the future.

**RANGE SERVANT**  
Driving Range

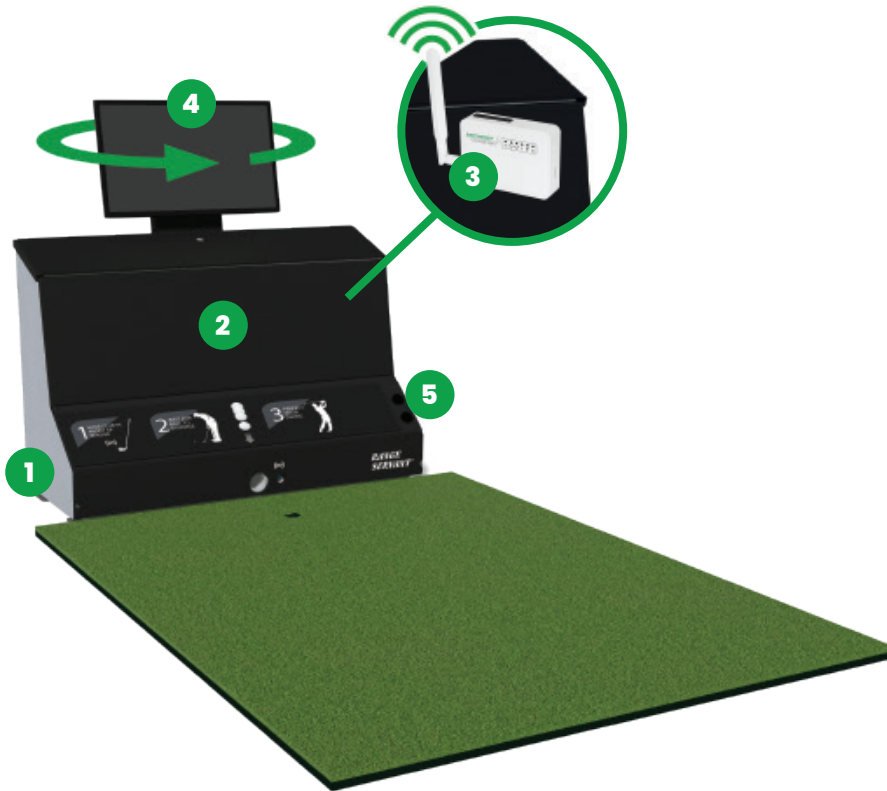

The ditch elevator **1** feeds balls to the washer **2** (page 3) and/or to a pre-soaker (page 4). The washer automatically starts when the elevator **3** (page 4) is activated. The hopper elevator feeds clean balls to the hopper **4** which is also called main storage unit. The Control Box **5** is configured in-house before shipment. The blower unit **6** supplies balls to the entire facility and we use manifolds **7** to redirect balls through hoses **8**. The receiving units can be hoppers **9** ball dispensers **11** (page 1), or both.

#	ART. NR.	PRODUCT INFO	SIZE [D/W/H]	NO. OF BALLS
9	750000	Hopper 15	760/1010/2307 (mm)	15.000
9	770000	Hopper 22	1260/1260/2307 (mm)	22.000
9	780000	Hopper 30	1530/1528/2305 (mm)	30.000
4	790000	Hopper 50 (Incl. Output)	1536/2036/2305 (mm)	50.000
11	HAM0021	Automatic hopper outfeed for H15-30		
5	BAM0177	Control box that is customizable		
6	800030	Blower, 3.0 Kw - capacity to blow 100 meters horizontally and 10 meters vertically		
8	803500	Hose for blowers system (50m per roll)		
-	BAM0082	Connector pipe for Blower hose		
7	BCM0028	Blow fill manifold		
-	BCM0026	Electrical box for manifold		
1	EEM0000	Ditch Elevator 2,3 m, 24.000 balls/min - Made for RS ditch systems		

\*The products mentioned above are vital for the functionality of the BMS-system. Power-cables, sensors, ball stop etc. is all supplied by Range Servant and necessary for the system.

# INBAY DISPENSER TEE-BOX

## 1. Customizable plates

Our normal plate color is aluminum, but can be ordered in any color.

## 2. Printing

Our Range Servant logo and user info comes as standard, but all paddings can be customized for any order.

## 3. Connected Care

Connected Care is integrated into the Tee-Box, will keep track of the number of balls dispensed, and send a low-alert signal when the Tee-Box starts to get low on balls.

## 4. Screen

Our screen stand, which is used to connect a touch screen directly to the Tee-Box, is prepared with an Ethernet socket and power connection

## 5. Tee-Up

Softpress for a standard height and longpress for exact Tee height. Maximum height of the Tee to the ball is 50 mm. Easily mounted in the ground and uses the electrical Box of the Tee-Box for functionality.

## Integration

Our Tee-Box can be integrated to any tracking or payment system thanks to Connected Care

#	ART. NR.	TYPE	CAPACITY
1	TEEBOX_CC	TEE-BOX inbay dispenser with Connected Care integration	2.000 balls
1	TEEBOX_OO	TEE-BOX inbay dispenser with ON/OFF functionality	2.000 balls

For all customization of the Tee-Box we will offer separately

# RANGE SERVANT INSTALLATION

## GET IT RIGHT

When you invest in our products, our technicians and support team will assist in getting you started. No matter how large or small the project, we want to make sure you're comfortable using our equipment.

Our team is amongst the most knowledgeable in the golf-business, so don't hesitate to contact us at:

[sales@rangeservant.com](mailto:sales@rangeservant.com)

GOLFMORE

# PAYMENT SYSTEM

## FEATURES & BENEFITS

- Up to 4 different basket sizes
- Multiple payment options
- Integrated with GIT/GolfBox (National golf federation member base)
- Low Transaction fee on Debit/Credit card payments
- Schedule free balls & manage closing of the range
- Support from Golfmore 24/7 (7.00 - 22.00 GMT+1)
- Dynamic prices (Happy hour)
- Opportunity to import customers
- Warning SMS "if" the system goes down
- Detailed statistics
- Cloud based
- Multilingual

# GOLFMORE PAYMENT SYSTEM

## GOLFMORE

Increase availability and sales on your driving range with our new payment system. Give your customers the opportunity to choose how they want to pay.

### Payment Options

- Debit/Credit card
- Apple and Google Pay
- \*National mobile payment system
- Ball card (membership card)
- Mobile app (App Store & Google play)
- Codes (paper or SMS)
- \*Swish (SE), MobilePay (DK), Vipps (NO)

### How to use the app

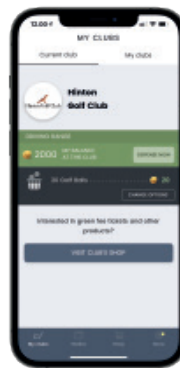

1. Login with you GOLF-ID

2. Fill up your Wallet

3. Dispense Balls

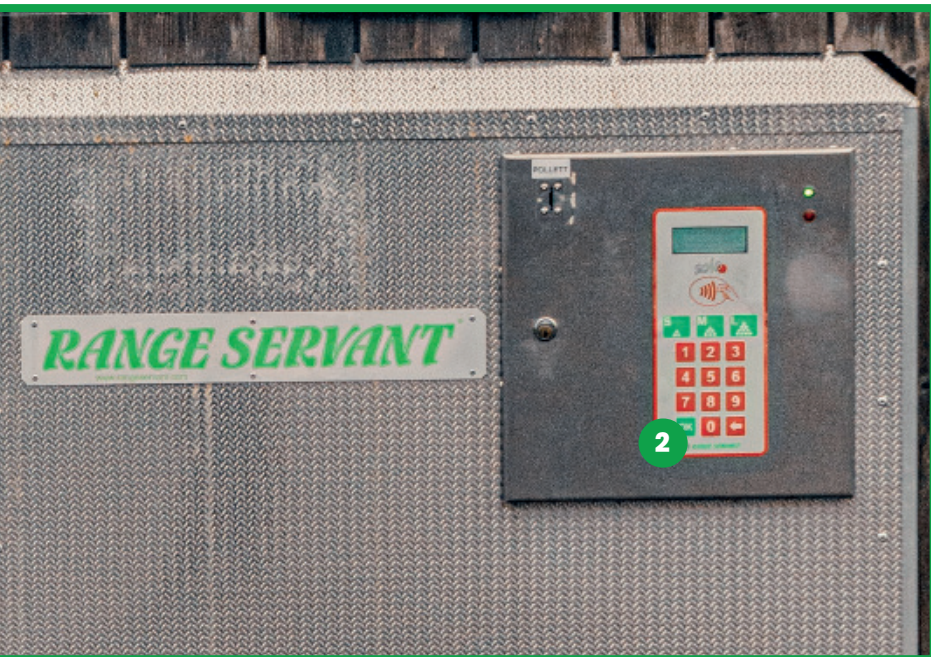

4. Enjoy!

#	ART. NR.	INFO
1	GolfMore installation	Onboarding/Setup for the site + first unit
1	Additional unit	Add extra units for the site at decreased cost
-	GolfMore Sub.	Monthly subscription of the GolfMore Payment system
-	Additional Sub.	Additional subscription within the same site
-	Air Fiber - Hardware	2 Radio links for fast Internet connection, requires clear sight to the Range.

3	108044	SOLO-kort Mifare, (only sold in 50-pack)	(delivered with SOLO print on one side)

For printing on the cards please contact us and we'll send a quotation

# RANGE SERVANT PAYMENT SYSTEMS

## TOKENS & COINS

Range Servant is the only range company that makes its own tokens. This means you will never get a token from an arcade, laundromat, or a nearby competitor.

All Range Servant machines are sold with a token Acceptor. We believe that having a system that doesn't rely on a constant Internet connection is a great backup and will help keep up the operation. All customers are free to choose which tokens they want for their club, good thing is that we also keep track for you so you don't have to worry.

- Sell one token for a large, not three
- Dispense ANY ball count for ALL tokens
- Buy fewer tokens
- Curb large bucket sharing and hoarding
- Counters keep employees honest

#	ART. NR.	ALT. PRODUCT/INFO	INCLUDED IN THE PACKAGE
2	107702	Mechanical coin acceptor 1 €	
2	107703	Mechanical coin acceptor 1 & 2 €

# PREMIUM LIGHTING DESIGNLIGHT

## OPEN DAY & NIGHT

Our modular floodlights illuminate the entire ball path, giving the golfer an accurate feedback on their swing, compared to losing sight of the ball in the dark. The robust construction and high brightness enable optimum light scattering and good stability for every illumination requirement. Our lighting solutions are based on your needs, always taking the environment into consideration.

Here are some of the advantages:

- Increased opening hours and occupancy
- Reduced number of lamps required for optimal illumination
- Swedish design
- 7-year warranty
- Light spreads evenly throughout the entire driving range.
- Highest impact resistance IK10, protected against 20 joules on impact (vandal-proof).

1

2

3

4

5

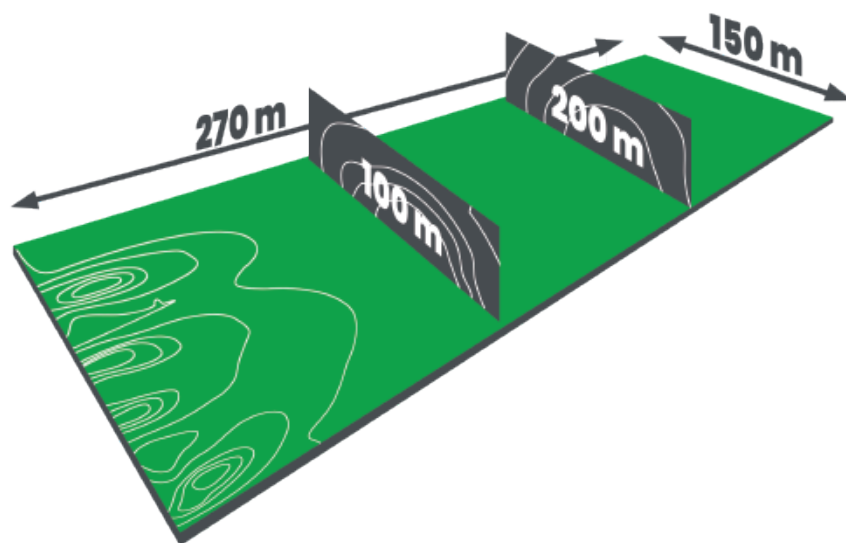

## AN EXAMPLE

The following range is 150m wide, and 270m long, which is a fairly large range.

At 100m (19 lux), Is the equivalent to a well-lit parking lot.

At 200m (10 lux), Is the equivalent to an illuminated walk/bike path.

For this specific range, we have installed four 600W Floodlights at a height of 10m and spread 25m apart.

## THREE ALTERNATIVES

Depending on your budget, we can customize a solution that fits your needs.

- **Small** - Focus is on lighting 100-150m distance
- **Medium** - Focus is on lighting 150-20m distance
